

## ***A Home For Me and a Home For You Cruise into Kindergarten Playscape***

***Come explore our play and learn area:  
One, Two, Three, Play with Me!***

1. Follow your child's lead while exploring the different activities and use natural opportunities to extend language and concepts. For example, if your child chooses to start playing with the Blocks-Blueprint Learning Center, "Look, these cards are blueprints. Blueprints show you how to build something. This one looks interesting. Let's try it!"
2. Let your child choose one of the books for you to read aloud. As you share the book, connect the story, characters, or concepts to the materials you have been playing with together. For example, "The little pig is going to build a house. I wonder if he had a blueprint to help him. Let's see if it shows how he builds the house with his materials." Your child may also enjoy using the toys in this playscape to make up a story that takes place in a house.
3. Build scissor skills with the house shapes or other cutting practice activities we have provided. Help your child and "share the scissors" as needed to keep it fun!
